State of Missouri general obligation bond issues consistently have received the highest ratings, "Triple A", from Moody's Investors Service, Standard and Poor's Corporation, and Fitch Ratings. Missouri is one of only six states that has this rating from all three rating organizations. The other states are Georgia, Utah, Virginia, Maryland, and Delaware. General obligation bonds can only be issued through voter-approved amendments to the state constitution. Currently, outstanding general obligation bonds are for the four purposes identified below.

Fourth State Building Bonds: In August 1994, Missouri voters approved a fourth state building bond issue to provide essential prison capacity, new residential beds for juvenile offenders, and significant new higher education construction and renovation.

Water Pollution Control Bonds: Water pollution control bond proceeds help local governments construct wastewater and stormwater control facilities and improve public drinking water systems. These infrastructure improvements support local economic development, protect Missouri waterways from pollution, and help ensure safe drinking water supplies.

Stormwater Control Bonds: In November 1998, Missouri voters approved a separate stormwater control bond issue of \$200 million for stormwater control plans, studies, and projects.

Third State Building Bonds: In 1982, Missouri voters approved \$600 million in bonds to be issued for improvements to state buildings and property.

ADMINISTRATION OF PUBLIC DEBT

The Board of Fund Commissioners administers the general obligation bonded indebtedness of the state. The board is comprised of the following members pursuant to Section 33.300, RSMo: Governor, Lieutenant Governor, Attorney General, State Auditor, State Treasurer, and Commissioner of Administration. Administrative expenses are associated with the sale and processing of the state's general obligation bonds. The board directs the payment of principal and interest on state debt. General obligation bonds issued by the State of Missouri are rated "Triple A" by Moody's Investors Service, Standard and Poor's Corporation, and Fitch Ratings. In addition, the Board of Fund Commissioners is obligated to repay to the United States Treasury excess interest earnings (arbitrage rebate) on water pollution control bonds, stormwater control bonds, third state building bonds, and fourth state building bonds.

Fiscal Year 2009 Governor's Recommendations

- \$20,002 to continue funding at the current level.

FOURTH STATE BUILDING BONDS DEBT SERVICE

Missouri voters approved \$250 million in fourth state building bonds under the provisions of Article III, Section 37, Missouri Constitution to be used for capital improvement projects at state facilities and higher education institutions. Bond sales were authorized by the General Assembly in Fiscal Year 1995, and bonds were then sold on a cash-as-needed basis to meet scheduled construction timetables. With the final sale of \$50 million on June 1, 1998, all \$250 million in voter-approved bonds have been issued.

This appropriation provides for principal and interest payments on fourth state building bonds now outstanding. The money is transferred from general revenue to the Fourth State Building Bond and Interest Fund one year in advance of its appropriation.

Fiscal Year 2009 Governor's Recommendations

- \$18,806,732 for the transfer of general revenue for debt service on fourth state building bonds currently outstanding.

THIRD STATE BUILDING BONDS DEBT SERVICE

Missouri voters approved \$600 million in third state building bonds to be used for capital improvement projects at state facilities and for specific types of local economic development projects under Article III, Section 37, Missouri Constitution. The General Assembly authorized issuance of \$75 million for Fiscal Year 1983, \$50 million for Fiscal Year 1984, \$75 million for Fiscal Year 1985, and \$400 million for Fiscal Year 1986. Bonds were then sold on a cash-as-needed basis to meet scheduled construction timetables. With the final sale of \$75 million on December 1, 1987, all \$600 million in voter-approved bonds have been issued.

This appropriation provides for principal and interest payments on third state building bonds now outstanding. The money is transferred from general revenue to the Third State Building Bond Interest and Sinking Fund one year in advance of its appropriation.

Fiscal Year 2009 Governor's Recommendations

- \$39,631,188 for the transfer of general revenue for debt service on third state building bonds currently outstanding.
